Purpose: The purpose of this assignment is to examine texts and demonstrate your understanding through constructed response writing (1-2 well developed paragraphs).

Task: You will read one fiction (stories created from imagination; such as mysteries, science fiction, romance, fantasy, crime thrillers, etc.) and one nonfiction book (books based on facts; such as biography, animals, countries, art and music, history, science, etc.). The books can be read on an e-read, if preferred. Both books should be at or above your spring Lexile. You will then complete the task for each book.
